

# Fine Art & Specie

## Delivering shared success

As a mutual company, we focus not on shareholders and stock markets, but on our policyholders and partners. We take time to get to know your business and what you need from your insurance solution.

Our underwriting involves a thorough analysis of your risks, backed by a deep understanding of your industry, while our integrated underwriting, claims and risk management offers you a creative risk-transfer solution.

## Solutions for your most complex risks

Our international Fine Art & Specie team provide cover for the physical loss or damage of valuables whether on display, in storage or in transit.

Covering fine art, general specie, jewellers block and cash in transit, our experienced team underwrites a global portfolio, which includes world-famous museums and multinational banks. Our coverage is broad and our knowledge is specialist.

When insuring precious investments, we understand the need for assurance and confidence, which is why we offer direct access to our underwriters to ensure peace of mind each step of the way.

Class of business	Line size
Fine Art & Specie	USD 250m

## With you for the long term

Being a mutual means we're consistent and here for the long term. Our experienced teams are resourceful, responsive and empowered to make decisions quickly. You'll benefit from our technical underwriting capabilities, the strength of our relationships with our broker partners, and our unique approach to claims service.

Because what's good for you, is good for us.

## Continuity in a changing world

Some clients have been with us for over 20 years. Why do they stay so long? Because we have a culture of flexibility and transparency. Quite simply: we do the right thing.

Your business doesn't stand still and neither do we. We are constantly evolving our products and services, investing in people and resources, and building our global distribution network – bringing you continuity and reassurance in a changing world.

## Claims confidence

Our London and European-based Fine Art & Specie teams have high levels of local settlement authority, supported by a global network of technical capability – designed to give you direct access to decision-makers anywhere in the world.

Ultimately, we promise to deal in partnership with our underwriting teams, brokers and adjusters, to help ensure that we have the right expertise looking after your claim. In what is one of the most diverse and personal areas of insurance, our entire service is designed to help ensure we are working to handle your claim as quickly as possible.

## Claims+

In addition to our claims charter and promise, where appropriate, we offer extra value-add services at pre-placement, post-placement, and post-loss stages. Designed to help ensure your claims experience – even without a claim – is as good as we can make it.

## A sustainable future

Our purpose is to help people embrace today and confidently pursue tomorrow. To fulfil this purpose, we are committed to sustainability and careful consideration of environmental, social and governance (ESG) issues.

Insurance can be a force for good and we have a role in supporting the transition towards a low-carbon future. We are supporting Climate Transition Pathways, currently working to provide a number of benefits to companies with accredited transition plans, in addition to continued access to insurance capacity. For instance, we are exploring how to meet the challenge of the transition with longer-term and more expansive solutions.

## Unlocking opportunities

With over a century of insurance experience, we've learned a thing or two about risk. We're dedicated to developing products and solutions for our clients, whether it's a variety of specialist coverages, a customised wording or guidance on emerging exposures.

We regularly collaborate with other underwriting teams within our business to help meet our clients' insurance needs. We believe this provides a unique offering to our brokers and clients alike.

Talk to us about the trends we're seeing in your industry and the products we offer to help protect your business.
