

Onshore Energy

Delivering shared success

As a mutual company, we focus not on shareholders and stock markets, but on our policyholders and partners. We take time to get to know your business and what you need from your insurance solution.

Our underwriting involves a thorough analysis of your risks, backed by a deep understanding of your industry, while our integrated underwriting, claims and risk management offers you a creative risk-transfer solution.

Solutions for your most complex risks

Our highly experienced Onshore Energy team provides specialty products and services for the oil, gas, petrochemical, and chemical industries globally.

We continually innovate our offering and expand our underwriting expertise in this ever-changing sector. From the commissioning of new 'traditional' energy assets, to the development of new technologies in the Renewable Energy field, including Hydrogen, our knowledgeable team provides tailored solutions for each client.

Working alongside our specialist team are our in-house risk engineers. With extensive experience of the Onshore Energy sector, our engineers work closely with clients to identify exposures, assess risk, and provide recommendations on a wide range of loss prevention and control issues from the planning and construction phases of a project through to operational phase.

Class of business	Line size

With you for the long term

Being a mutual means we're consistent and here for the long term. Our experienced teams are resourceful, responsive and empowered to make decisions quickly. You'll benefit from our technical underwriting capabilities, the strength of our relationships with our broker partners, and our unique approach to claims service.

Because what's good for you, is good for us.

Continuity in a changing world

Some clients have been with us for over 20 years. Why do they stay so long? Because we have a culture of flexibility and transparency. Quite simply: we do the right thing.

Your business doesn't stand still and neither do we. We're constantly evolving our products and services, investing in people and resources, and building our global distribution network – bringing you continuity and reassurance in a changing world.

Our Offshore Energy team provides exemplary service in an ever-changing industry, from extending the life of existing field assets, to the exploration of new and untapped energy fields.

You'll have access to our global risk engineering team and resources, sharing extensive experience across both oil and gas and marine industries.

Claims confidence

Aligned with the Liberty Claims Charter, our London-based team has high levels of local settlement authority, supported by a global network of technical capability – designed to give you direct access to decision-makers and the benefit of experience anywhere in the world.

Recognised as a market leader, our strong technical expertise and the strength of our broker partnerships ensure we are always focused on handling your claim as quickly as possible.

Our claims team has long been a key factor in choice of insurer, and our outstanding reputation has enabled Liberty to lead the market through some of its most complex claims.

Claims+

In addition to our claims charter and promise, where appropriate, we offer extra value-add services at pre-placement, post-placement, and post-loss stages. Designed to ensure your claims experience – even without a claim – is as good as we can make it.

A sustainable future

Our purpose is to help people embrace today and confidently pursue tomorrow. To fulfil this purpose, we are committed to sustainability and careful consideration of environmental, social and governance (ESG) issues.

Insurance can be a force for good and we have a role in supporting the transition towards a low-carbon future. We are supporting Climate Transition Pathways, currently working to provide a number of benefits to companies with accredited transition plans, in addition to continued access to insurance capacity. For instance, we are exploring how to meet the challenge of the transition with longer-term and more expansive solutions.

Unlocking opportunities

With over a century of insurance experience, we've learned a thing or two about risk. We're dedicated to developing products and solutions for our clients, whether it's a variety of specialist coverages, a customised wording, or guidance on emerging exposures.

Talk to us about the trends we're seeing in your industry, and the products we offer to help protect your business:

- Casualty – Energy Liability/
Excess Casualty (Commercial)
- Offshore Energy
- Marine Cargo
- Terrorism
- Construction
